

at the beginning, the financier (the pocket) walks on crutches, or a single crutch. by the end, the -- m n mantodea has crippled his other leg, and we see him in some foreign locale, in a wheelchair, giving voiceover: in the first scene, we learn that he has money left over (afew clams) from a failed previous venture. now, we know of his latest 'failed' venture, and we know he has a few clams left over from it. he speaks of starting something nr new.

the betrat betrayal is twofold: botj both of his teammates at are in on it, but then halfway through their execution of their plan, one of them betrays the other. maybe it involves suo superfly (the genius) sleeping with man todea, and her killing him. so 1/2 way through the movie (or later) the pocket finds sheth jones (superfly) dead, and the mantodea sitting by. then he thinks shes going to kill him, but instead she shoots him many times in his good leg. maybe sheth jones has agreed to help mantodea steal some information and in return he wants to sleep with her without her killing him. but she kills him anyway.
